

**Advancing Health...Naturally**

# **Vital-Fit** Daily Supplements & Digestion Aid Treatment by Reward

*Specifically formulated to provide the necessary vitamins & minerals your pet requires*

- ◆ Promotes healthy digestion and absorption of essential nutrients.
- ◆ Promotes strong bones and lean muscle for optimum health.
- ◆ Supports and promotes good vision and a healthy nervous system.
- ◆ Increases resistance to disease through a stronger immune system.
- ◆ Encourages superior reproductive capacity.

## **Key Active Ingredients that Set Vital-Fit Apart from the Competition:**

*Cranberry powder (The American cranberry), GlutaSyn®-(an immune system modulator), BCAA (Naturally occurring Branched-Chain Amino Acids), KPx™ Colostrum derived proteins, Direct fed Microbials, Mannan oligosaccharides (MOS) - bioactive natural.*

**Vital-Fit** is a revolutionary concept in dog biscuits. It's a targeted approach combining a synergistic comprehensive mix of vitamins, minerals, direct fed microbials, enzymes, plant naturals, Nutraceuticals and other ingredients, carefully formulated to produce the fine tuning that meet specific health needs.

***You owe it to your pet to know what nutrient is actually available and not what nutrient is simply consumable.***
